

Ultrasound in Critical Care of patients with liver disease

Venue: ILBS, New Delhi; Date: 24th January 2017

Course Coordinator- Dr Naveen Yadav

Target audience- Anesthetists, Intensivist, Hepatologists, Gastroenterologists, Pulmonologist

TITLE	SPEAKER	TIME
Welcome/ course overview	Naveen Yadav	8.00-8.10
Pre Course Questionnaire	Saurabh Singh	8.10-8.30
Ultrasound Physics	Naveen Yadav / Saurabh	8.30-8.45
Point of Care Ultrasound in Critically ill patient	Punit Khanna	8.45-9.00
PULMONARY ULTRASOUND		
Ultrasound of Airway	Bikash Ranjan Ray (AIIMS Delhi)	9.00-9.30
Lung Ultrasound	Kapil Soni (AIIMS Delhi)	9.30-10.00
Central Venous Catheterization	Niraj Kumar (AIIMS Delhi)	10.00-10.15
Tea break 10.15am-10.30am		
CARDIAC ULTRASOUND		
Introduction to basic Echo cardiography	Alok Gupta(MAX Saket)	10.30-10.50
ECHO in a critically ill cirrhotic- When to consider TEE?	Vinayak Agarwal (Medanta)	10.50-11.10
Saline contrast ECHO	Jelen Singh(ILBS)	11.10-11.30
FAST	Sandeep Sahu(SGPGI)	11.30-11.50
BRAIN ULTRASOUND IN LIVER DISEASE		
Transcranial Doppler	Sudarsan Thomas(CMC Vellore)	11.50-12.10
Optic nerve sheath diameter	Sudarsan Thomas(CMC Vellore)	12.10-12.30
Intraoperative and post-operative USG in a liver transplant pt.	Shalini Thapar(ILBS)	12.30-12.45
Gut motility assessment	Kalpana Bansal	12.45-1.00
Muscle ultrasound	Binit Sureka(ILBS)	1.00-1.15
Lunch 1.15pm-2.15pm		
Workstation (6 stations all of 20 min by rotation)		2.15pm-4.15pm
USG physics and needling	Niraj Singh/Saurabh Singh	
Lung Ultrasound	Kapil Soni	
Basic ECHO	Jelen Singh	
FAST	Sandeep Sahu/ Anshul Jain	
USG neurological assessment	SudarsanThomas	
Airway Ultrasound	Bikas Ranjan Ray	
Post course Questionnaire		4.15-4.30
Kindly join us for the Inaugural function and Antibiotic Symposium in the main Auditorium
